Endless space

Accommodation units from CHS

Flexible. Mobile. Individual.
What are your requirements?
Additional work space or unusual
living concepts, temporary or long-
term? Everything is possible.

Application areas for custom-made
accommodation units from CHS
include offices, changing rooms,
sanitary facilities and temporary cold
storage.

Space for projects

daycarecentres_cafeterias_offices_schools_banks_

Accommodation units from CHS are ideal in any situation where you need a quick, flexible solution to create more space. Our experienced team here at

CHS provides reliable support from day one of planning through to commissioning.

Accommodation units are an economical solution for your space problems and provide the advantage that they can be customised to fit your requirements.

Examples include single-person home offices, recreation rooms of all sizes and accommodations for up to hundreds of people. Whatever your requirement is, CHS has a solution that fits!

If needed, we can coordinate all tasks involved in the project and your building will be handed over to you in a turnkey state! No matter where and no matter how large.

_shelters_accomodations_administrationbuildings

Accommodation units from CHS can be expanded or relocated as needed if you need even more space later on, for example additional accommodations, a mobile workshop or a temporary recreation room. Our depots across Europe ensure fast availability to cover your requirements on short notice, and our accommodation units are highly versatile and functional.

economical_mobile_functional_extensions

CHS can also provide equipment that fulfils all necessary fire protection requirements as well as current energy saving regulations.

We individually adapt accommodation units to customer specifications at our own workshops and can even paint them in your company's colours if desired.

sible_inexpensive_recyclable_flexible

CHS is also the right partner when it comes to equipping the interior: Our range of options includes sanitary facilities, kitchens, air conditioners, and heaters, but also furnishings such as tables, chairs, lockers, and beds. CHS would be delighted to put together a personal 'all-round carefree package' for you – just give us a call.

Stacked
in your favour

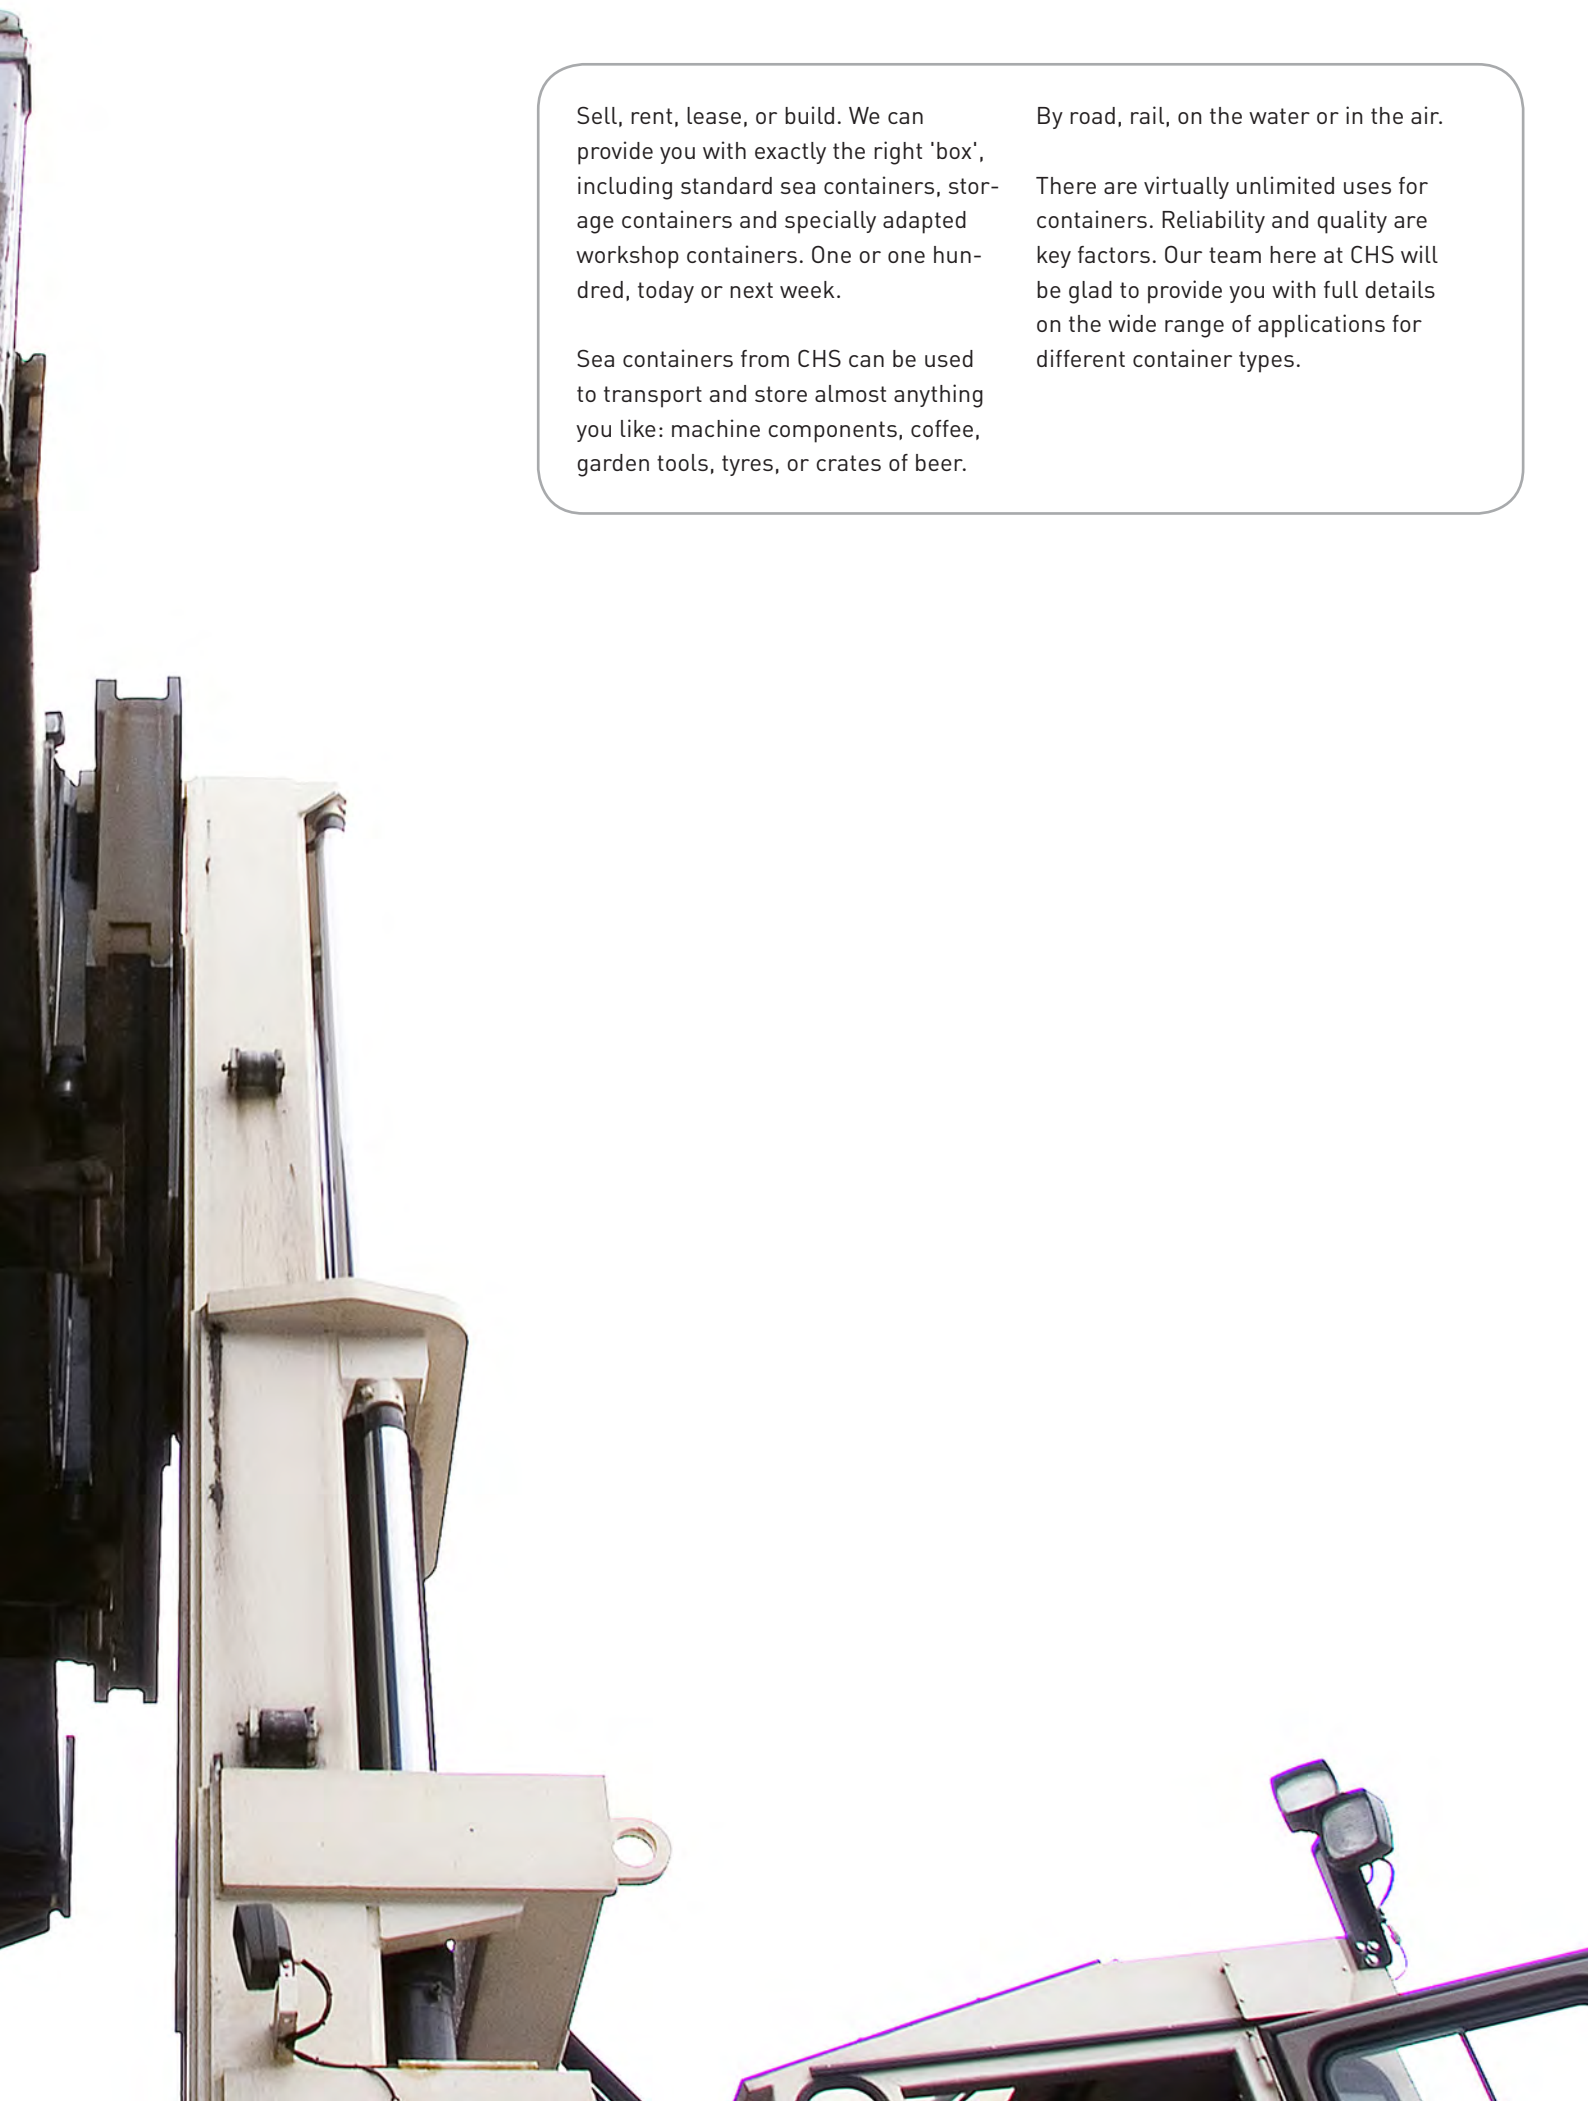

Containers from CHS

Sell, rent, lease, or build. We can provide you with exactly the right 'box', including standard sea containers, storage containers and specially adapted workshop containers. One or one hundred, today or next week.

Sea containers from CHS can be used to transport and store almost anything you like: machine components, coffee, garden tools, tyres, or crates of beer.

By road, rail, on the water or in the air.

There are virtually unlimited uses for containers. Reliability and quality are key factors. Our team here at CHS will be glad to provide you with full details on the wide range of applications for different container types.

20'/40'/DV or HC –
our space miracles

open top_hard top_self storage_flat_

CHS has been working with containers since 1978. Always focused on the customer's needs, we find the right solution for your transport or storage problems. Worldwide! Whether you are looking to rent or purchase, we have the right solution for you! We have all standard container sizes from 6' to 45'.

bulker_double door_side door_reefer

Standard containers account for approximately 85% of all containers in use worldwide. They are the 'workhorses' among containers. They make it possible to store and transport all kinds of goods easily and inexpensively. CHS always has a large quantity of this type of container in stock at ports, in the German inland and at many locations worldwide. You can also sell your used containers at any of our depots.

purchase_rent_maximum flexibility_

Containers are universal: The sturdy boxes are an indispensable part of our everyday lives. Containers have become so ubiquitous that hardly anyone thinks about how flexible they are.

The diversity of our containers is enormous: standard, high cube, open top, hard top, flat, double door, side door, self storage, tank, reefer, bulker and many, many more!

fast availability_Europe-wide depots

If you need a bit more space, then the 30 cm higher high cube containers or slightly wider pallet-wide containers are the right solution. You can find detailed information on all types of containers and their applications on our website: www.chs-containergroup.de

containers in accordance with HACCP_cont

For more information on our diverse range of containers, please visit www.chs-containergroup.de. You can find all technical details there as well, including dimensions, weights and availability! We hope you enjoy browsing our versatile product range. Feel free to give us a call at any time, and we will be glad to help you find the right mobile solution from CHS.

We have a wide range of container types to fit an equally wide range of application scenarios: transport packaging, additional storage space, workshops, temporary storage for moving, refrigeration and much more.

ainers with leakage test_mobile workshops

CHS has the right container for any application, equipped and painted according to your specifications. Delivered wherever you need it. Guaranteed!

Keeping our
promises
since 1978 ...

Quality from CHS

We close the loop: CHS experts advise, plan and supervise. Right through to the end of the project. At our customers' side. Locally and globally.

We value quality and long-term business relationships as much as you do! Our dedicated team of more than fifty employees works hard to achieve this every day.

Tradition brings
obligation with it

The CHS Container Group

Mobile container ideas: We sell, rent, develop and build containers. Quick and tailored to your needs. On land and at sea.

CHS Container Group's philosophy is based on lasting relationships with customers and employees. This requires continuity and team spirit. These are values lived by our team of experts in the fields of freight forwarding, shipping, industry and trade.

Our manufacturing sites in Bremen, Munich and Worms as well as our German and European depots enable us to react to your project requirements at a moment's notice.

From Bremen to the whole world

CHS Container Handel GmbH was founded in 1978 in Bremen. What started out as a company for temporarily storing and repairing shipping containers has now become a synonym for high-quality containers and accommodation units.

Our highly-qualified employees are the foundation for our success here at CHS. Regular qualification programmes, internal and external checks in occupational safety and environmental protection as well as health checks are integral components of the way we work.

In addition to awards for Education and Training: 2010 and 2011, we also won an award "for outstanding commitment to training" from the German Federal Employment Agency. Every year, we welcome new apprentices in both business administration and skilled trades.

CHS's own specialist workshop is certified by Germanischer Lloyd and carries out CSC ('Convention for Safe Containers') inspections, without which no container may head out to sea.

We have been certified in accordance with DIN EN 9001:2008 Quality Manage-

ment and DIN EN 14001:2005 Environmental Management Systems since 2009. Our paint shop, which can process up to four containers simultaneously, also fulfils all relevant environmental standards.

At CHS, we love our containers, and we want everyone to know it. That is why we want our customers to benefit from our many years of experience and know-how through our container training seminars. From A to Z.

es_own paint shops_container training

In order to fulfil almost any customer requirement, we established CHS Container Handel, CHS Spezialcontainer and CHS Südcon as subsidiaries of the CHS Container Group. These three companies work hand in hand and are supported by a broad network. Together with you, we are sure to find the right solution. Innovative and flexible. Today, exporters, freight forwarding and transport companies as well as a wide range of customers from various industries rely on mobile concepts from CHS. Test us. We look forward to receiving your enquiry!
